

FRIDAY NOTE

Friday 10th May 2019

1. **NSPCC Keeping Safe programme** – Cregagh Primary runs the NSPCC's Keeping Safe preventative education programme throughout all its year groups. Preventative education can give children the knowledge and skills they need to keep themselves safe. Our new theme for the summer term is "Being Safe".
2. **Parent Staff Association** – Thanks to those parents who have already returned reply slips registering interest in helping out with PSA. If you'd be interested in getting involved, please give your name to Mr Larmour, Miss Murphy in the Office or myself. We hope to get a series of events agreed very soon – but we'd like more parents to get involved.
3. **Head Lice** – these nasty little gremlins continue to be a concern for parents and staff alike. As you know, schools cannot single out or 'remove' a child with lice or nits. We are 100% reliant on parents taking care to make sure their children do not have lice or nits. All it takes is one or two children to have them and then they spread quickly among groups. Cregagh Primary School does not have a 'bigger problem' with this issue than other schools: all schools experience this unpleasant problem. Please read the information on the reverse-side of this note.
4. **April's Parent Survey** – we had a large number of completed surveys returned to us during the week of Parent-Teacher Interviews. All comments and evaluations are being collated and the results will be shared very soon.
5. **School Holidays 2019-2020** – we have not yet had our school holidays for next year formally ratified by the EA. However, it is likely that the boys and girls will return to school on Tuesday 27th August 2019. As soon as we have had our school holidays approved, they will be sent home to all families and added to both our website and text messaging service's Notice Board.
6. **School Show 'Pirates of the Curry Bean'** – tickets go on sale Monday 13th May (£5 adults and £3 child) available from Mr Irwin and the School Office.
